<b>Q2: What in this course is supporting your learning?</b>	<b>Q3: What changes would you suggest that would support your learning?</b>	<b>Q4: What can you do differently to improve your performance in the class?</b>	<b>Course Name</b>	<b>Instructor</b>
discussion Professor Paul teaches the class in a really entertaining way. It's very fun to be in class, we always feel welcomed.	Nothing	i should try to talk more in class	Global Perspectives on Society	Podosky, Paul-Mikhail Catapang
The instructor is interesting, and I love my classmates. He also gave us a lot of interesting topics to talk about, and this makes me better understand the readings.	I don't have any changes in mind so far.	Ask more questions on readings that I don't understand.	Global Perspectives on Society	Podosky, Paul-Mikhail Catapang
	There don't need to be changes!	Try to speak more in class. The questions by the instructor is easy enough for me to answer.	Global Perspectives on Society	Podosky, Paul-Mikhail Catapang
