Q2: What in this course is supporting your learning?	Q3: What changes would you suggest that would support your learning?	Q4: What can you do differently to improve your performance in the class?	Course Name	Instructor
Interesting recitation!			Global Perspectives on Society	Podosky, Paul-Mikhail Catapang
The engagement of the instructor and how understanding he is! I learn everything from the recitation and not actually the lectures, so that says a lot. Paul is always extremely kind and explains the concepts really well. He genuinely appreciates us talking, too, which builds a wonderful dynamic. He is honestly one of the best teachers here and actually makes me want to come to class.	Nothing, it really is great.	I think I'm doing good. :)	Global Perspectives on Society	Podosky, Paul-Mikhail Catapang
The professor is fun. the teacher is nice, and he is enthusiastic to teach, and he shares more information in the office hour.	Less awkward breakout room, more overall discussion.	to preview the handout session, Finnish the pre-class questions as instructed.	Global Perspectives on Society	Podosky, Paul-Mikhail Catapang
